

ROLLERS

Casings, shafts, stub axles, bearings and bearing housing.

Pulleys

Crowning, lagging, shafts, and stub axles, bearings, bearing housings and balancing.

Gearboxes

Repair and supply, gear machining – spiral gears, taper gears, worm gears, bearing journal repairs, shaft machining and repairs oscillator gearbox, planetary gearbox, crane gearboxes, etc.

Valves

Repair and supply, rotary valves (drop through valves + blow through valves), butterfly valves, ball valves, needle valves, gate valves, shaft recons, housing recons, end cover recons.

Pumps

Centrifugal pumps, vertical pumps, split casings, multistage pumps, stainless-steel pumps, cast iron pumps, brass pumps, impeller pumps, packing pumps, mechanical seal pumps, slurry pumps, submersible pumps, air operated high-pressure pumps, modifications and alterations of pumps, fabrication of pumps stands, pump seals recon, chemical specific pumps and all special pumps according to the needs.

Bucket elevators

Conveyor belt supply, buckets or scoops, bolt and nuts supply, hole punching in conveyors, fasteners, pulleys, housings or enclosures, chutes.

Screw feeders

Shafts, stub axles, fabrication, and machining of new screw feeders

Fans

Shafts, fan highspeed balancing, fan housing fabrication and recons, (types of fans – Cooling, paddle fans).

99% is **NEVER** good enough

Hydraulics and pneumatics

Pumps, cylinders, pipes and fittings, actuator.

Fabrication

Stands, chutes, frames, any light to medium fabrication, handrails and walkways, roofing structures, platforms, Levers and adjusting levers, fabrication and machining of specialized lifting equipment.

General supply

Bearings, chains, sprockets, locking elements, bolts and nuts, various chemicals and degreasers, oils and grease, seals and mechanical seals, Special bolts, nuts and studs both machining and fabrication.

Servicing and Maintenance

Servicing and maintenance of all GEGA cutting equipment: billet cutters, slab cutters, corti – straight-line cutting machines, cutting torches i.e. - hand cutting torches, heavy duty cutting torches, scarfing torches, emergency cutting torches, powder cutting equipment.

Maintenance

Shutdown and Maintenance teams available.
